## (sound effects script)

Adapted from this video- <https://youtu.be/FkvzrTt7fCE>

Have students devise and execute sounds where and when is needed. Use what ever they can come up with voices, instruments and found objects.

1. ...Well basically
  2. In 1620 the pilgrims set sail for America in their ship the may flower. 
  3. They didn't know much about the new world,
  4. it was a leap of faith.
  5. They ran aground at Plymouth Rock,
  6. and oh yes, Plymouth did rock! (Guitar sound)
  7. Unfortunately, it was a cold hard winter and the pilgrims struggled to survive.
  8. Then help came from an unexpected place.
  9. A Native American fellow named Squanto came along and helped the pilgrims.
  10. He brought them supplies, taught them to plant corn,
  11. build wigwams, how to fish and everything they didn't know about surviving in the new world.
  12. As a result, the pilgrims had a bountiful harvest and decided to celebrate.
  13. They hunted a wild turkey and proclaimed a day of Thanksgiving that was to be shared by the pilgrims and native Americans alike.
  14. Since then, thanksgiving has become a lot of different things,
  15. but the first thanksgiving is a great reminder of what is still true today,
  16. that life is filled with the unknown and has seasons of difficulty.
  17. Growth and hard work will be required,
  18. but there is always something to Celebrate with those whom we love.
  19. Just like the pilgrims and the Native people that saved them that winter long ago,
  20. there is much to be thankful for.
- Everyone: Thank You and Rock on!
